

# Conference Programme - Day One

<b>08:00 - 08:50</b>	<b>Registration, coffee &amp; teas</b>
08:50 - 09:00	<b>Welcome to the BSG 2024</b> Ian Smith, Leeds Teaching Hospital
09:00 - 09:10	<b>President's welcome and BSG Update</b> Adam Dangoor, President, British Sarcoma Group
<b>SESSION 1:</b>	<b>Research, including data</b> Session Chairs: Jane Hook and Bob Phillips
09:10 - 09:40	<b>The future of sarcoma clinical research in Europe</b> Keynote Speaker: Winette van Der Graaf, Netherlands Cancer Institute
09:40 - 10:00	<b>Improving sarcoma outcome through analysis of national cancer data</b> Keynote Speaker: Sandra Strauss, University College London
10:00 - 10:10	<b>FREE PAPER: ICONIC; improving outcomes through collaboration in Osteosarcoma (NCT04132895): 2023 up date of routes to diagnosis patient reported data</b> Lorna Fern, University College London Hospitals
10:10 - 10:20	<b>SAG Update</b> Anant Desai, Queen Elizabeth Hospital, Birmingham
10:20 - 10:30	Q&A
<b>10:30 - 11:00</b>	<b>Morning refreshments and poster viewing</b>

<b>SESSION 2:</b>		<b>Young onset sarcomas</b> Session Chairs: Robin Young and Martin McCabe
11:00 - 11:30	<b>Recent developments and next plans for European paediatric soft tissue sarcoma trials</b> Susanne Gatz, Institute of Cancer and Genomic Sciences, University of Birmingham	Room: The Royal Armouries Hall
11:30 - 11:50	<b>Optimising soft tissue sarcoma outcomes in Paediatric Limb surgery</b> Grainne Bourke, Leeds Teaching Hospital	
11:50 - 12:10	<b>FREE PAPER: Juvenile Tumour Systems: A modified Delphi Study to develop best practice guidelines</b> Rebecca O’Keeffe, Royal National Orthopaedic Hospital	
12:10 - 12:20	<b>FREE PAPER: Outcomes of Teenage and Young Adult patients with non-metastatic Osteosarcoma treated with mifamurtide in a specialist centre</b> Qudsia Mujeeb, University Hospitals Birmingham	
12:20 - 12:40	<b>Update on SDH deficient GIST from the PAWS GIST national clinic</b> Ramesh Bulusu, Clinical Consultant, Cambridge University Hospitals	
12:40-13:40	Lunch and poster viewing	

<b>SESSION 3:</b>		<b>Plastics/Orthopaedics</b> Session Chair: Chris West and Mike Parry	<b>SESSION 3:</b>		<b>Systemic Therapies / RPS</b> Session Chair: Dan Stark and Adam Barlow
Room:		The Royal Armouries Hall	Room:		The Pearl Suite
13:40 - 14:00	<b>Soft tissue Sarcoma surgery in the UL -</b> Robert Bains, Leeds Teaching Hospital		13:40 - 14:00	<b>Update on clinical Trials in GIST -</b> Alex Lee, The Christie NHS Foundation Trust	
14:00 - 14:20	<b>Improving outcomes in sarcoma Spinal surgery -</b> Mel Grainger, Royal Orthopaedic Hospital		14:00 - 14:10	<b>FREE TALK: Exceptional disease response with the MDM2 inhibitor, Brigimadlin in a</b>	

14:20 - 14:30

**FREE PAPER: Surgical mastery through 3D modelling: tackling the anatomy of complex spinal tumours** - Miki Shikanai, Queen Elizabeth Hospital Birmingham

14:30 - 14:50

**Management of LL sarcoma; The Nottingham experience** - Kathryn Steele, Nottingham Univeristy Hospital

14:50 - 15:10

**Birmingham Orthopaedic Oncology Meeting (BOOM): The Consensus. update from consensus meeting in Jan on Chondrosarcoma and infected oncology implants** - Lee Jeys, Royal Orthopaedic Hospital

15:10 - 15:20

**FREE PAPER: Stanmore Tumour Outcomes Project- preliminary findings of International Classification of Functioning, Disability and Health (ICF) outcomes in Sarcoma Survivors** - Craig Gerrand, Royal National Orthopaedic Hospital NHS Trust

15:20 - 15:30

**Reporting on the National Spinal Sarcoma Priority Setting Partnership** - John Afolayan, Royal National Orthopaedic Hospital

**patient with multiply-treated MDM2 amplified metastatic intimal sarcoma of the heart** - Konstantinos Efthymiadis, University College London Hospitals NHS Foundation Trust

14:10 - 14:30

**Generic Imatinib cambridge experience. Proposal for Nat study** - Ramesh Bulusu, Clinical Consultant, Cambridge University Hospitals

14:30 - 14:50

**Pelvic exenteration** - Jim Tiernan, St James's University Hospital, Leeds

14:50 - 15:00

**FREE PAPER: Safety, efficacy and patient reported out comes with Vimseltinib in patients with Tenosynovial giant cell tumour who received no prior anti-colony stimulating factor 1 therapy: ongoing phase 2 update** - Mahbub Ahmed, University College London Hospitals

15:00 - 15:10

**FREE PAPER: Clinician survey of current global practice for sarcoma surveillance following resection of primary retroperitoneal, abdominal and pelvic sarcoma** - Samuel Ford, University Hospitals Birmingham NHS Trust

15:10 - 15:20

**FREE PAPER: New perspective on Cutaneous Leiomyosarcoma (CLMS): In**

15:20 - 15:30

**need of its own guidance** - Jiaxin Wen,  
Welsh Centre for Burns and Plastic Surgery

**FREE PAPER: Addressing the gap for symptom control through the implementation of Enhanced supportive care at the London Sarcoma service** - Katrina Ingle, University College Hospital London

15:30 - 16:00

Afternoon refreshments and poster viewing

#### SESSION 4:

**Specialist Breakout: Pathology/Radiology**  
Session Chair: Sara Edwards and Bill Pass

Room:

The Royal Armouries Hall

16:00 - 16:20

**Value of Methylation Arrays in sarcoma diagnosis** - Gavin Cuthbert, Newcastle NHS Trust

16:20 - 16:35

**AI in radiology and WB MRI** - Matt Backledge, Institute of Cancer Research

16:35 - 16:50

**AI in MRI** - Matthew Marzetti, Leeds Biomedical Research Centre (VIRTUAL)

16:50 - 17:00

**Role of Chemical Shift Imaging in Characterizing Musculoskeletal Soft Tissue Tumors** - Scott Evans, Royal Orthopaedic Hospital

#### SESSION 4:

**Specialist Breakout: AHP/CNS**  
Session Chairs: Debbie Artis and Di Hubber

Room:

The Pearl Suite

16:00 - 16:20

**Pre-amputation counselling in sarcoma patients** - John Pearn, Leeds Teaching Hospital

16:20 - 16:30

**FREE PAPER: Developing a formal prehabilitation pathway for the East Midlands Sarcoma Service** - Jo Bacon, East Midlands Sarcoma Service

16:30 - 16:40

**FREE PAPER: The implementation of personalised care for sarcoma patients at Southampton University Hospital** - Helen Coundley, University Hospitals Southampton

16:40 - 16:50

**FREE PAPER: CNS led Triaging: service review** - Rebecca Peach, North Bristol NHS Trust

17:00 - 17:10

**Imaging of lipomatous Tumours - classification, appearances and pitfalls** - Harun Gupta, Leeds Teaching Hospital

16:50 - 17:10

**Update of Prosthetics; whats possible** - Jack Cawood, Leeds Teaching Hospital

17:10 - 17:20

**FREE PAPER: Mapping sarcoma patients access to and the barriers to access to genomic testing** - Dominique Alexander, Sarcoma UK

17:10 - 17:20

**FREE PAPER: Developing consensus based national rehabilitation guidelines in Musculoskeletal Oncology** - Abby McCarthy, Royal National Orthopaedic Hospital Stanmore

17:20 - 17:30

**FREE PAPER: Evaluation of a targeted anti-  $\alpha v\beta 3$  integrin near-infrared fluorescent dye for controlled resection of naturally occurring soft tissue sarcoma in dogs** - Patricia Beer, Clinic for Small Animal Surgery, University of Zurich

17:20 - 17:30

**FREE PAPER: Experience of Physical disabilities and cancer related QoL after spinal sarcoma: A national study of outcomes** - Craig Gerrand, Royal National Orthopaedic Hospital NHS Trust

17:30 - 17:40

**Update on CHS / AHP activities and whats planned for 2024** - Christine Millman

17:40

End of day One

17:30 - 18:00

**OPTIONAL MEETING: A BSG and Sarcoma UK working group on Risk stratified sarcoma follow-up**  
Dan Stark, Leeds Teaching Hospital and Nasim Ali, The Clatterbridge Cancer Centre

19:30  
20:00

Drinks Reception - The Royal Armouries  
Conference Dinner - The Royal Armouries

# Conference Programme - Day Two

08:30 -08:50	Coffee and teas
08:50-09:00	<b>Welcome to Day Two</b> Ian Smith, Leeds Teaching Hospital
<b>SESSION 5:</b>	<b>Proffered Papers and BI symposium</b> Session Chair: Ian Smith and Rachel Clancy
09:00-09:30	<b>Clinician Burn out: recognising it and what to do about it</b> Ioanna Nixon, Beatson West of Scotland Cancer Centre
09:30-09:40	<b>FREE PAPER: Malignant Phyllodes: 10 year review of management through a sarcoma service</b> Sarah Lonie, The North of England Bone and Soft Tissue Tumour Service
09:40-09:50	<b>FREE PAPER: The Association of Breast Surgery (ABS) consensus recommendations for management of phyllodes tumours</b> - Mai Bishr, The Royal Marsden Hospital NHS Foundation Trust
09:50-10:00	<b>FREE PAPER: Enhanced tumour Delineation using fluorescence lifetime imaging of ICG in sarcomas</b> Corey Chan, Newcastle University Centre for Cancer
10:00-10:10	<b>FREE PAPER: Microsurgical reconstruction in the treatment of sarcoma in adults- a 12 year experience</b> Sasha Wilson, North Bristol Trust
10:10-10:20	<b>FREE PAPER: A retrospective review of Epithelioid sarcoma over a 12 year period from a single centre</b> Harriet McCance, Leeds Teaching Hospital NHS Trust
10:20-10:30	<b>FREE PAPER: A Phase 1A/1B, dose escalation/expansion study of the MDM2-P53 antagonist Brigimadlin (BI907828) in patients with solid tumours: safety and efficacy in patients with liposarcoma</b> - Patrick Schoffski, Leuven cancer Institute, Leuven, Belgium

Session  
Supported by:

10:30-11:00

Morning refreshments and poster viewing

SESSION 6:

Radiotherapy and interventional radiology  
Session Chairs: Rob Turner and Ioanna Nixon

11:00-11:20

**Keynote: Sarcoma Radiotherapy Update**  
Aisha Miah, The Royal Marsden

11:20-11:40

**Keynote: SABR in oligometastatic disease**  
Peter Dickinson, Leeds Teaching Hospital

11:40 -11:50

**The Role of radiotherapy in Metastatic disease**  
Fei Sun, Leeds Teaching Hospital

11:50-12:00

**Interventional Radiology treatment of Oligo-metastatic disease including GIST**  
Steve Bandula, University College London Hospital

12:00-12:10

**FREE PAPER: The Suitability of patient reported outcomes measures (PROMs) for patients with sarcoma undergoing radiotherapy**  
Danielle Fairweather, University College London Hospitals NHS Foundation Trust

12:10-12:20

**FREE PAPER: Robust Radiotherapy Planning for Soft Tissue Sarcomas**  
Rebecca Jewitt, The Christie NHS Foundation Trust

12:20-12:30

**FREE PAPER: Retrospective regional study of sarcoma related lung metastases and outcomes of disease management modality in Northern Ireland**  
Joshua Brown, Royal Victoria Hospital

12:30-13:30

Lunch and poster viewing

SESSION 7:

Early Diagnosis and follow up  
Session Chairs: Zoe Davison and Jonathan Stevenson

13:30-13:40

**FREE PAPER: Investigating sarcoma susceptibility through large-scale meta-analysis of case-control germline genomic sequencing data from multiple international data-sources**

Alice Garrett, The Institute of Cancer Research

13:40-14:10

**STS Early Diagnosis: Where are we at? (EDWG)**

Rob Turner, Leeds Teaching Hospital

14:10-14:20

**FREE PAPER: Redesigning the sarcoma diagnostic pathway to meet increasing demand and improve patient experience**

Craig Gerrand, Royal National Orthopaedic Hospital NHS Trust

14:20 - 14:30

**FREE PAPER: BritE StAr – British Early diagnosis in Sarcoma Audit**

Sophie Howles, Royal Orthopaedic Hospital

14:30-14:50

**Patient Initiated Follow-Up – learning from a mixed-methods evaluation**

Rachel Hutchings, Nuffield Trust

14:50-15:00

**FREE PAPER: Role of surveillance imaging in Sarcoma**

Tasciana Gordon, Mater Hospital South Brisbane

15:00-15:20

**National Sarcoma Awareness Project**

Presented by: Tom Cosker, Nuffield Orthopaedic Centre; Coonoor Chandrasekar, Liverpool University Hospitals and Roger Wilson, CBE HonMD HonLLD

15:20-15:40	Afternoon refreshments and poster viewing
SESSION 8:	Title TBC Session Chair: Richard Davidson & Rob Turner
15:40-15:50	<b>Trends in the Sarcoma UK Support Line contacts</b> Helen Stradling and Sam Hackett, Sarcoma UK
15:50-16:00	<b>Services and support provided by the charities</b> Joanne Wright, BCRT and Carly McDonald, Sarcoma UK
16:00-16:10	<b>BCRT and Sarcoma UK - joint research funding call and other work on improving diagnosis</b> Viqui Vinader, BCRT and Sorrel Bickley, Sarcoma UK
16:10 - 16:20	Questions
16:20 - 16:30	Prizes and conference round up
16:30	End of conference

Room: The Royal Armouries Hall
